 2. *Section H.*
In the case of the Vice Presidents absence the President will obtain all responsibilities of the Vice President pertaining to attendance as stated in the by-laws under Article IX.
 - b. Ethics Complaint against Tyler Halverson.
 - i. Dear Ethics Chair Casper

I am writing in complaint of Director Tyler Halverson's behavior

From my interactions with Director Halverson, I believe his behavior in the Shared Governance Association office and during the Student Senate meetings is irrational and unprofessional. His use of foul language, emotional outbursts, and insulting comments do not benefit the moral, image, or productivity of Student Senate. Moreover, I believe that as an elected senator, Director Halverson is poorly representing the student body that put him into that position of power. There is a sense of maturity that is lacking in his case, and as a result has made several rash comments. Please investigate this issue on the possible grounds for impeachment.

Best regards,
Krista Hasselquist
Facilities and Fees Board Chair
