

Student Affairs and Academic Services Committee Minutes

Tuesday, February 17th 2009 at 5:45 pm, Student Senate Office

- I. Meeting was called to order at 5:45 pm.
- II. All members were present and accounted for, no formal guests were present
- III. Committee was presented with the proposed revisions to Administrative Policy Paper 30 (AP 30). Discussion focused on the extension of times that allow skateboarding on campus. It was brought to the attention of the committee that before the previous revisions to this policy in 2006, skateboarding on campus was banned; it was decided that contact should be made with Faculty Senate before it was presented to them formally. The issue was temporarily set aside for a vote later in the meeting.
- IV. Student Health Services has been researching the positives and negatives of an on-campus establishment that serves alcoholic beverages in addition to food. It was determined by the committee that it would be our decision whether or not to continue with this issue, since no other body on campus seems willing to act. It was decided to wait a week until choosing whether or not to pursue this issue any further this semester.

*The issue to approve the proposed revisions to AP 30 was brought back before the committee and it was approved unanimously to bring it before senate.
- V. The committee was shown the work done to create fliers and comment slips for a table. It was discussed when to establish a table, it was decided that the committee would choose a date at the next meeting. The only possible expenses foreseeable by the committee would be the purchase of candy for the table.
- VI. Minutes from all meetings in spring 2009 semester (so far) will be approved at the next scheduled meeting.

The next meeting of the Student Affairs and Academic Services Committee will be at its regular time, 6:00 pm, in the Student Senate office in the University Center, on February 23rd 2009.
